 Revisit Original Issues/Topics/Wish List Identified by Task Force in December 1997
 - 1. What are the issues we identified for consideration?
 What do we want to know?
 Are our studies addressing these issues?
 How will our studies address these issues?
 What are the limitations of our studies?
 Are we going to get what we originally envisioned?
 - 2. Are there other, new issues that should be added to our list?
 Will our studies address these new issues?
 - 3. What does the TAC need from the Task Force before finalizing their analyses?
 What does the Task Force hope to learn from the data as a basis for
 recommendation development?
 What are the observed problems on the Upper Yellowstone River?
 What caused the problem(s)?
 What are the concerns of the Task Force?
 What questions does the Task Force have for the researchers?
 Where should the researchers focus, when they begin their analyses?
